WAKE UP PARENTS!

Year back, poor illiterate parents produced

- ❖ Doctors
- ❖ Engineers
- ❖ Scientists
- ❖ Lawyers
- ❖ Accountants
- ❖ Architects
- ❖ Professors Whom I will refer to as „Group A'

These “Group A” children struggled on their own after primary to 6th or 12th to become notable personalities. Most of them,

- ❖ trekked to school barefooted
- ❖ went to farms
- ❖ fetched water and firewood
- ❖ cared for domesticated animals
- ❖ did some work including trading after school to survive.

But now this “Group A” who have become parents themselves are producing “Group B” children. These “Group B” children are

- ❖ pampered
- ❖ helped in their homework or home assignment from nursery school through secondary schools to higher institutions
- ❖ chauffeur driven to school or are sent abroad for study.
- ❖ they are left to watch movies / TV / play video games endlessly.
- ❖ they are treated like baby kings and queens.
- ❖ they don't do any household chores, but food is served on the table for them in time, their clothes a plates are washed by parents or Housemaids
- ❖ they are given expensive toys, cars and clothes, not minding big pocket money being wasted !!!

Inspite of all these, only few students are studious and can **speak** or write correctly.

“Group A” parents cared for their own **parents** and **children**, whereas,

“Group B” still **struggling to find their feet even after the age 30 + ! !**

They find it difficult to do things on their own because they are used to being helped to think and doing things by Group A. So they can't help themselves, their parents or their society. **THEY ABANDON THEIR PARENTS IN THEIR BID TO CONQUER THE WORLD.**

Where do you belong?

- ❖ Reduce the pampering and unnecessary help you offer to your children.

- ❖ Let your children **grow in wisdom, intelligence and strength.**
- ❖ Let them face the truth and the realities of life.
- ❖ Teach them to grow to become **independent adults.**
- ❖ Teach them to fear God, respect elders and others,
- ❖ Encourage & motivate them to develop confidence in themselves.

Dear Parents, condition your children with discipline to become disciplined adults,
Useful and not useless **adults.**

International Year of Creative Economy for Sustainable DEVELOPMENT - 2021 (Source. unctad.org)

The need to promote sustained and inclusive economic growth, foster innovation and provide opportunities, benefits and empowerment for all and respect for all human rights, was proposed by Indonesia at the United Nations Conference on Trade and Development (UNCTAD) along with the support of global grouping of countries, including Australia, China, India, Indonesia, Mongolia, Philippines and Thailand.

It also identified the ongoing need to support developing countries and countries with economies in transition in diversifying production and exports, including in new sustainable growth areas, including creative industries.

It encourages all to observe the year 2021 in accordance with national priorities to raise awareness, promote cooperation and networking, encourage sharing the best practices and experiences, enhance human resource capacity, promote an enabling environment at all levels as well as tackle the challenges of the creative economy.

AN APPEAL

Dear Parents

A Parents duty does not end once the child is admitted in school. In fact, in the present educational system, only the joint efforts of both Parents and Teachers can provide a bright future. Do not hesitate to consult either the class teacher or the Principal. If you can speak in English, it is good, if not you can converse with the teacher, in a language known to you. But encourage your child to always converse in English.

Supervise your wards day to day activities. Draw a time table for their daily routine, right from brushing their teeth in the morning, till they go to bed. See to it that they go to sleep early at night and follow it accordingly. Set aside time for them to play and watch T.V. Do not hesitate to check into their duties such as brushing their teeth, bathing, cutting their nails, washing their face, hands and legs, cleaning their shoes, oiling and combing their hair, arranging and bringing books to school according to their time table, completing their home work regularly, bringing fresh and nutritious food to school, bringing a spoon and small napkin to wipe their hands and such other things everyday.

Shower love and affection on your children and at the same time, be strict when necessary.

We, the Parents and Teachers, join hands to create a bright and prosperous future for our children.
